

# REBUILDING I-93 SALEM TO MANCHESTER

## CROSS STREET BRIDGE SALEM

*New Cross Street Bridge opened to traffic August 21, 2008.*

**PROJECT FACT SHEET**

### PROJECT OVERVIEW:

This contract for the replacement of Cross Street Bridge over I-93 and related improvements to the roadway approaches was awarded to Audley Construction in November 2006, **and is now complete**. **The new bridge, opened to traffic on August 21, 2008**, is installed about 80 feet north of the original bridge which has been demolished and removed. This project replaced a Red-Listed "structurally deficient" bridge built in 1961 and is the first of 43 bridges to be replaced or rehabilitated under the Rebuilding of I-93.
